

## Maintenance Release - Projects

Earlier this month we made some updates to features that were available system wide. 8.0.2 is a maintenance release with some adjustments to the Projects Extension with the goal of making your projects more efficient.

### Key

**New Feature**

**Change to Existing Feature**

**Setup Instructions**

### Stages Visual Enhancement

You'll now be able to assess the status of your project stages at a glance.

- Grey Stages are still **Drafts**
- Green Stages are **In Progress**
- Red Stages are still in progress but **Overdue**
- Blue Stages are **Completed**

Quickly assess your project, and decide where your team's attention needs to be concentrated. It will make running your projects easier
